

# IT'S TIME TO BE COUNTED!

CULTURE OF LIFE FAMILY SERVICES, INC.

## CALL FOR MATCHING DONATIONS

### It's Time!

The battle continues on all fronts to protect the precious gift of life bestowed by God. Each year, human life is more and more subject to utilitarian values of abortion, assisted suicide, euthanasia, in-vitro fertilization. The sick, the elderly, the handicapped, the poor, the disabled, the weak, the innocent are all vulnerable to neglect, disdain, and even homicide as a consequence of this ever-advancing evil we call, "The Culture of Death."

Currently, it is challenging to find physicians dedicated to providing medical care consistent with Catholic moral and ethical guidelines honoring **all life, from conception to natural death.**

### COLFS is different.

COLFS is one of the few organizations devoted to **protecting life "from womb to tomb"** by providing quality medical care for the entire family in compliance with the teachings of the Catholic Church. From life's beginnings with unplanned pregnancies and crisis intervention to planned pregnancies using dignified fertility care or Natural Family Planning,

COLFS is committed to caring for all families regardless of ability to pay. Young and old, families and singles, ill and healthy or disabled - all stages of life, any economic status or faith is welcome.

**COLFS is needed in our current culture...** to set the standard for ethical, moral health-care. COLFS brings life-saving medical care to Christian families in need, to babies in need of protection, to mothers in need of help, to couples who desire to conceive morally, to parents who wish to protect their children from the propaganda of the pro-choice, pro-contraceptive medical community. COLFS will care for the elderly compassionately. COLFS will fight the battle, oppose the culture, and provide a safe haven where our Christian values will not be compromised.

### Our Commitment

COLFS is at a critical juncture: Your new or renewed support -- now -- is vital if COLFS is to continue its mission. The Board, Dr. George Delgado, Debbie Seagle, Stephen Pso- mas, Ann Marshall, Ph.D., Deacon Ken Finn, Katharine Blanchard, Angie King and Pat Poindexter, R.N., are dedicated to our mission and grateful to our supporters. We honor the hard work, devotion, and trust of the community and **we intend to protect the investment you have made in COLFS.**

COLFS has been under attack in many ways over the past months, much like our Church and all Christian organiza- tions. This is nothing new as

we have weathered many storms and overcame many obstacles and have been blessed with many miracles. We refuse to give up. **Please don't give up on COLFS now!**

**A wonderful opportunity is available to COLFS right now. We have a challenge to match a grant of \$150,000! Our donor will match dollar for dollar your gift. With your help, COLFS could reach our goal of \$300,000 needed to propel our mission into the future. Please, prayerfully consider "casting into the deep" to help us reach our goal.**

**Please use the enclosed envelope to send your gift today and your contribution will double automatically! You may also make a credit card donation on our website at [www.colfs.org](http://www.colfs.org). We have 30 days to reach our goal. Please pray for our mission, our ministry, our staff and especially, our patients. Pray for the babies in the womb, their mothers in need and those without hope.**

**If you have any questions, please contact Debbie Seagle at the Clinic at 619-692-4401. You may also e-mail us with your queries and/or comments at [info@colfs.org](mailto:info@colfs.org).**

Thank you for your generosity and faith. May God bless you and your family and loved ones.

### Background:

COLFS was founded in 2003 by a small group of faithful Catholics, most of whom continue to remain committed to the mission.

In August 2005, Dr. George Delgado began working full time caring for patients in our Hillcrest offices. In December 2005, Debbie Seagle came on board as our Executive Director. In January 2006, COLFS and two founding members (Dr. & Mrs. Jauregui) parted ways. Issues which were in dispute, were resolved in April 2006 and agreement reached. We are seeking to enforce the agreement, which will transfer title to the Rose Street (Escondido) property to COLFS. We look forward to serving the North County at that location soon!
